

We met on Wednesday, September 16, 2026, at 4:00PM in Kelvin Smith Library. Andrew, Aryan, and Martin were present at this time. Adewola informed us ahead of time that he won't be available at 4PM, and he plans to be present later on in the hour.

The goals of this meeting are to begin brainstorming and to finish drafting an email to Skye requesting a Concept Review meeting.

We began by brainstorming individually on a Figma board created by Aryan. Shown below is the initial result of our brainstorming.

Adewola joined us at 4:40PM.

While Adewola finished up brainstorming, I completed the email to Skye, sent it, and submitted a copy of the email to Canvas.

We adjourned the meeting at 5:00PM.
